

10 july 2012,

Subject: Status of our products with respect to ROHS Regulation, EU Directives 2002/95/EC, 2003/11/EC and 2000/53/EC

Dear Valued Customer,

Thank you for using Eurostar Engineering Plastics products.

With reference to your request for information regarding status of our Products with respect to the ROHS Regulation and EU Directives 2002/95/EC, 2003/11/EC and 2000/53/EC, Eurostar Engineering Plastics can provide you the following information:

The **STARFLAM\***, **STARAMIDE\***, **STARPYLEN\***, **STARGLAS\***, **STAR-L\***, **STAR-C\*** compounds do not contain any chemicals listed below as intentionally added components or as expected process impurities [above threshold limits of 0.1% for Lead, Mercury, Hexavalent Chromium, PBB and PDBE, and 0.01% for Cadmium]

- Cadmium and its compounds
- Lead and its compounds
- Mercury and its compounds
- Hexavalent Chromium compounds
- Polybrominated biphenyls (PBBs)
- Polybrominated diphenyls ethers (PBDEs including Deca-BDE)

Please note that analysis of the raw materials and/or finished goods for presence of the above mentioned substance on a routine basis is neither a part of our quality control plan, nor is a part of the Eurostar Engineering Plastics product specifications, hence it should not be constructed as any warranty, expressed or implied.

Please be informed that, certain Eurostar Engineering Plastics products are designed to consume PCR for environmental waste reduction. The details about use of the PCR, if any, are stated in the respective MSDS. Please contact our Customer Service team to request information regarding the chemical compliance attributes of these products, which may differ from those contained in this letter.

If you have any further questions, or require any additional information, please contact us.

Sincerely,

Céline HOCMELLE
